Dear Salvation Army,

Further to my beg for Safeguarding help, I am confirming which property I need for my "safeguarding".

With a lawyer there will be no issue getting my "safeguarding needs", which will allow me to finally feel and be safe in over TEN Years.

I have keep evidence for all of those years. By evidence I mean what the Court would regard. I have abuse after abuse documented - just fail to find anyone to take me seriously.

What I have been subjected too is why being autistic is the first condition to require its own law, The Autism Act, 2009. It also means that if I, as an autistic, have been subjected to the "hate" from everyone - from family to Judge - it goes a long way to explaining why the suicide rates for Males, of my age, who are autistic are FOUR times non.

Here is the property I need:

- I. Securing for 1.5y per year of subjected council horror
- II. At the same financial cost the Council current place on me for "all rental expenses"
- III. To be allowed to "live a life that is Safe and free from abuse"

2. This is the only property within a 30 mile search radius that is suitable

My health has got worse these last couple of weeks and I must put self-care first, especially given the lack of results I have had.

I am also low on ADHD meds next week. However, given how serious this is I will head for your Norton Church for 12pm on Tuesday 16th December.

As there is no need for me to attend Court and given that my health before this turn wasn't good enough, this could all have happened by 12pm and all I am greeted with is wonderful joy at sorting out "all the fun details that come with a move"

This letter is written as a Witness Statement by I, Simon Alexander Charles Edgley, under oath and stating only the Truth on this day, 13/12/25.

Yours Sincerely,

SIMON EDGLEY
